

# Fyr 127

230V/50Hz | 200 Watt

Experience Better Living

Freestanding

Our FYR Line was inspired by the world-famous Scandinavian lighthouses: rugged fireplaces made from authentic materials, with pure, subtle details. Each one features beautiful flames thanks to the electric Optimyst® fire: visually appealing, safe and clean, as they are formed from natural cold water vapour and lighting. The Fyr 127 is a real innovation in the field of electric atmospheric fire. This fireplace is suitable for a range of applications, from small apartments to large public spaces and catering. The fire effect creates lively and real flames that rise from the center of the fireplace. The luxurious top plates are available with different wood finishes. In addition, you can adjust the flame height. Welcome to the future.

- Premium quality design, finish and appearance
- Easy-fill water tank, offering approx. 8-10 hours of operation
- 24/7 timer ensures a high flexibility, each day of the week can be set individually
- Enjoy the ambiance of the flames with or without the heater for all year round comfort

-  One-sided decorative fireplace
-  Surprising by the floating flame and smoke effect and variable flame intensity
-  Optimyst flame technology, flame patterns by cold water vapour
-  Powerful fan-assisted heating by safe element that provides additional heating on demand
-  Control all functions of the fireplace from the comfort of your chair
-  Mirror wall or stone motif wall as a backpanel option to match your interior
-  7 Day Programmable Timer
-  Easy to connect to a standard socket for instant atmosphere
